Families with children ages 5-18 who are enrolled in the Michigan Department of Education program that provides free and reduced-price school meals to students are eligible for this benefit. The program paid \$193.80 per eligible student per month for the months of March and April and will pay another \$182.40 per student to cover May and June.

### **Applying for Free and Reduced-Price School Meal Benefits**

Many school districts are continuing to accept applications for Free and Reduced-Price School Meal benefits until June and provide a printable application online. If you apply soon and your benefit eligibility status changes to free or reduced, you will be eligible for Pandemic EBT Benefits. Contact your school district for more information or to apply.
